# Cutting Practice

**Directions:** Begin at the stars. Practice cutting on the wavy and mountain (zigzag) lines.

# Whole Class Projects (cont.)

## Tropical Trees

**Directions:** Group children into threes or fours. Give each group 6 sheets of newspaper to stack. Starting at the short side, have the students roll the newspaper into a tube about 2" (5 cm) in diameter. Tape the middle and bottom of the tube. Make four 6" (15 cm) cuts into the top of the tube. Reach inside and gently pull the inside strips up and out. Paint the trees and add birds, butterflies, fruit, or flowers. Stand the trees in coffee cans filled with sand or crumpled newspaper.
