# Three Men in a Tub

## Construction *(cont.)*

9. Using the hole punch, punch a hole at the top of the butcher, the baker, and the candlestick maker. Punch another hole in the file folder 2½" (6.5 cm) from the top in the center.
10. Insert one piece of string through the butcher and secure it on the back with clear packing tape. Repeat this process with the baker and candlestick maker.
11. Insert all three pieces of the string through the hole in the top of the folder and secure them at the back of the folder using packing tape.
12. Using a box cutter, cut a slit in the tub along the dotted line cutting all the way through the folder.
13. As the nursery rhyme is repeated, slip the butcher, the baker and the candlestick maker in the tub.

# Three Men in a Tub

Rub a dub, dub,  
three men in a tub.
