

What is a Bank?

A bank is a
**safe place
to keep
money.**

Do you
have a bank
at home?

A bank can hold allowance money, or money you earn from doing jobs around the house.

ATM

Everyone likes to do things easily. An ATM, or automated teller machine, is easy to use. You can quickly withdraw cash from your bank account using an ATM.

ATMs are at banks and other places where people need them most, grocery stores and shopping malls.
