# Counting Money

Most people use money every day, so it's important to know how to count, add, and subtract money. Different countries have different systems of money. In the United States, we use coins and paper bills that represent many different amounts.

**Directions:** Count to find each value. Write the answer on the line.

1.		= _____
2.		= _____
3.		= _____
4.		= _____
5.		= _____
6.		= _____
7.		= _____
8.		= _____
